

50 YEARS

OF RELIABLE SHIPPING

**ALWAYS
CLOSE TO YOU**

OUR PROMISE TO YOU

At WEC Lines, we believe in personal care for your cargo. With over five decades of experience in both short sea and deep sea destinations, we have dedicated ourselves to always making sure your cargo ends up in the right place, at the right time. It doesn't matter if it's port-to-port or door-to-door: we'll get it done.

SHORT SEA SPECIALIST

We always have Iberia and Morocco on our radar. For many years we have been specialists on Spain, Portugal, Morocco and the Canary Islands, connecting South-west Europe with the United Kingdom, Ireland, the Netherlands, Belgium, France, Germany, the Nordics and Baltics. We provide a reliable service, regular fixed-day weekly departures & arrivals, and a sizeable container fleet to scale your business.

In addition, we provide multiple weekly departures/direct connections via Bilbao from/to the Spanish hinterland with three dedicated block trains. As such, we are able to directly link Barcelona, Valencia, Madrid, Zaragoza, Burgos, and Agoncillo (La Rioja) with ports such as Liverpool, Thamesport, Rotterdam, Antwerp and Montoir. Please visit our website www.weclines.com for the latest routing and schedules.

YOUR CARGO, OUR CARE

Getting your cargo from A to B: it's our core business. We understand, however, that cargo comes in all sorts of shapes and sizes. Whether you have standard, boxed, palletized, out of gauge, liquid, or any other type of cargo, we can provide you with the best possible suitable solution. Our variety of containers is among the most extensive in the industry, and continuously updated with new containers to meet our customers' requirements. These containers can be effectively utilized for a variety of cargo types like IMDG, Food & Non-Food, Automotive, Paper and many more.

DEEP SEA: OUR EAST AFRICA HERITAGE

Our knowledge about cargo transport to and from East Africa and the Red Sea stretches far beyond the ports we serve. For 50 years already, we have been connecting a large number of ports in the Northwest Continent and West Mediterranean regions with East Africa and the Red Sea, such as: King Abdullah, Aden, Sokhna, Djibouti, Dar es Salaam, Jebel Ali, Port Qasim and Mombasa. In addition, we provide inland connections from Mombasa & Dar es Salaam to various destinations in Kenya, Uganda, Burundi, South Sudan, DR Congo, Rwanda, Zambia, Malawi and other African hinterland destinations. With the help of our experienced colleagues within our agency network, we can move your cargo to the final destination in the best way possible. Please visit our website www.weclines.com for the latest routing and schedules.
